

Burhanuddin Ali Asghar

MERN Stack Web Developer

PROFESSIONAL SUMMARY

Junior MERN Stack Web Developer with practical training and certification from PNY Training Center in Rawalpindi. Proficient in creating responsive, user-friendly, and scalable full-stack web applications utilizing MongoDB, Express.js, React.js, and Node.js. Possesses a solid understanding of both frontend and backend development, REST APIs, and contemporary UI practices. Quick to learn and equipped with a problem-solving approach, motivated to develop effective real-world solutions.

WORK EXPERIENCE

Full Stack Web Projects | Personal & Training Projects Invalid Date - Present

PNY Training Center, Rawalpindi

- Built responsive full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Designed RESTful APIs for user authentication, CRUD operations, and data handling.
- Implemented JWT-based authentication and role-based access control.
- Integrated frontend UI with backend APIs for smooth data flow.
- Used Git & GitHub for version control and project collaboration.
- Focused on clean UI, performance optimization, and scalable code structure.
